INTRODUCTION & WARRANTY

Thank you for selecting and buying MAGNETIC SMART TRACKLIGHT V-TAC will serve you the best. Please read these instructions carefully before starting the installation and keep this manual handy for future reference. If you have any other query, please contact our dealer or local vendor from whom you have purchased the product. They are trained and ready to serve you at the best. The warranty is valid for 3 years from the date of purchase. The warranty does not apply to damage caused by incorrect installation or abnormal wear and tear. The company gives no warranty against damage to any surface due to incorrect removal and installation of the product. The products are suitable for 10-12 Hours Daily operation. Usage of product for 24 Hours a day would void the warranty. This product is warranted for manufacturing defects only.

This marking indicates that this product should not be disposed of with other household wastes.

Caution, risk of electric shock.

INSTALLATION INSTRUCTION

1. Switch off the power.
2. Install the luminaire into the guide rail groove .
3. Check that everything is in order.
4. Switch on the power if above steps done properly without any mistakes.

APP INSTALLATION

Step 2: Scan the given QR code, or download “Smart Life” from the App Store (iOS) or the Google Play Store (Android).

4. Enable Bluetooth and Home Wifi for the device to access your wifi connection for pairing

5. Click "Add a device" or "+" in the top right corner.

6. Click on the Lighting choose "Light Source (Wi-Fi)"

7. Select 2.4GHz Wi-Fi network and enter the password

Step 8: To pair the device with LED Smart Strip Light make sure the light is blinks rapidly. Once the light blinks rapidly, the light is in pairing mode. If the light is not blinking rapidly, you can do one of the following steps:

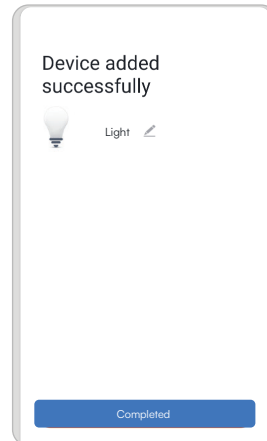

- Switch the light on & off repeatedly for 3 times, with short intervals of less than 2 seconds.
- Tap the 'How to make light blink rapidly' link (as shown on the image to the right)
- You can also enable pairing mode from the Wi-Fi controller. Press and hold the ON/OFF button for 5-7 seconds and wait till you observe the light flashing. Please refer to the instruction section "WI-FI CONTROLLER FUNCTIONS"

Network Modes

- 1) Smart Mode: Light flashes rapidly.
 - 2) AP mode: Slow flash, once every 2 seconds.
- Confirm if the light blinks rapidly, select the Wi-Fi network, and enter the password.

Step 8: Once you have successfully completed step 10, you will be redirected to below page, where the App searches, registers and initializes the device(lamp) (ref image below).

Step 9: Once your device is successfully added, rename the device to your preference.

Step 10: You can now start controlling your device with the App. Tap the device name on the home page to enter the controls and features of the device.

Step 13: After successfully pairing the lamp with the app, you can start controlling multiple features of the lamp through your mobile- on/off switch, changing the colour temperature, timing & schedules, dimming options, and more.

GOOGLE ASSISTANT SETTINGS

- Install the Google Assistant app via the App Store (iOS) or the Play Store (Android) and register. If you already have an existing account with Google Assistant, please proceed to logging in.
