## PACKAGE CONTENTS

- 1 × NEON Strip Light (5M)
- 1 × Remote Control (Battery Included)
- 1 × USB Controller
- 1 × User Manual

## INSTALLATION INSTRUCTIONS

This product uses USB power supply. You can connect the LED Strip to the power supply with USB interface (such as computer, mobile phone charger, Power Bank, USB socket, etc.). After power on, the default mode is 7 color cycle change color.

1. Clean the surface where the LED strip will be mounted.
2. Use the clips and screws to firm the strip in place.
3. Connect the strip to the USB controller.
4. Plug the USB into a compatible power source (5V USB adapter, power bank, or USB port).
5. Turn on using the remote or app.

Note: Ensure the power source provides stable 5V DC output.

## CONTROL METHODS

### A. USB Controller Buttons

1. Short Press: Cycles through preset lighting modes.
2. Long Press (3 sec): Turns the strip on/off.

### B. Remote Control

BUTTON	FUNCTION
ON/OFF	Power toggle
SPEED/BRIGHTNESS	Adjusts effect speed or brightness
SINGLE COLOR	Static color mode
RGB	Custom RGB color mixing
7 COLOR / 16 COLOR	Predefined color cycles
FLASH / JUMP / METEOR	Dynamic lighting effects
AUTO / TRANSITION / FLOW	Smooth color transitions
SLOW BREATHING	Gentle fade in/out effect

## REMOTE CONTROL SAFETY INSTRUCTIONS

- Before using this product, make sure that all parts are configured correctly according to the instructions in the attached instruction.
- The product should not be used by persons under 5 years of age without supervision by a parent or guardian.
- Ensure that the power batteries are configured correctly and have the appropriate parameters as specified by the manufacturer.

# REMOTE INSTRUCTIONS

## IMPORTANT NOTES

- This product contains battery type "Primary" (non-rechargeable).
- Electrical and electronic equipment that has become waste is known as old equipment/device. Old devices must not be disposed of with other household waste.
- Owners of old devices at the end of its service life must return the device by taking them to the collection points set up by public waste disposal authorities or distributors. This return does not entail any costs for you.
- Owners of old devices have an obligation to remove accessible batteries / rechargeable batteries as well as non-destructively removable lamps from the old device prior to return. This does not apply if old devices are being prepared for reuse with the participation of a public law firm.
- Batteries removed from an old electronic device should be disposed of separately. This return of battery does not entail any costs for you and the user is obliged to return the battery.
- Please make sure that this product is not powered on when removing the battery. Fire hazard! Avoid short-circuiting the contacts of a detached battery. Do not incinerate the battery. Please handle the battery with Caution!
- If electrical appliances or batteries are disposed of in landfills or dumps, hazardous substances can leak into the groundwater and get into the food chain, damaging your health and well-being.

- The symbol of "Crossed rubbish bins" indicates that this product should not be disposed of with other household wastes and must be collected separately from unsorted municipal waste at the end of its service life.
- Please use the link below to view the online directory of the collection and return points: <https://www.ear-system.de/ear-verzeichnis/sammel-und-ruecknahmestellen>
